

Open Positions: Landscape Architects, Architects, or Landscape Designers

Project Manager / Project Leader with 4 – 7 years' Experience

Location: Seattle, WA and Washington, DC

GGN is currently seeking conceptually driven design professionals with four-to-seven years of experience in landscape architecture for a Project Manager/Leader position.

Candidates must be dedicated, thoughtful, and creative problem-solvers who can demonstrate a well-rounded background participating in all phases of large-scale/complicated projects. Necessary skills and experiences include a willingness and ability to contribute effectively in collaborative design environments, and the ability to draw fluently and precisely – digitally and by hand. Successful candidates must demonstrate project management/leadership experience, as well as direct involvement in developing and coordinating complicated document sets, construction detailing, specification preparation, and construction administration. Fluency in Microsoft Office applications and AutoCAD is required. Proficiency with Revit, Rhino/3D, Grasshopper, and the Adobe Creative Suite is highly beneficial. Successful candidates must be fluent in English – written and spoken.

We are looking to hire immediately. Please submit all materials via email only. Please include Project Manager and Seattle or Washington, DC in the subject line, and include a resume, letter of interest, list of references, and one 7MB maximum portfolio/project examples PDF to the attention of Grant Stewart at [Jobs@ggnltd.com](mailto:Jobs@ggnltd.com). Please do not phone.
